

**Minutes from Men's Club Meeting**  
**July 12, 2010**

Executive Board Present: Mel Doherty, Mark Staller, Curt Renslow, Brian Dingmann

Board Members Present: Dan Brannan, Rick Torkkola, Bill Timmer, Jim Anderson

Members Present: Gary Obele

President Mel Doherty called the meeting to order at 6:03 PM. A quorum was declared. The agenda was approved as submitted.

**Secretary's Report:** The minutes from the June meeting were reviewed and approved as written.

**Treasurer's Report:** No changes.

**Old Business:**

- 18 hole league will have their 1<sup>st</sup> half results posted this week. 9-hole league was not present at the meeting but will be notified to get their results up too.
- Year Long events are going along well, no major issues.

**New Business:**

- Guest Day AAR: We had 31 members participate in Guest Day (61 teams). In general, Guest Day went very well. Scoring, which had been a problem in the past, was done quickly this year and results were available before dinner was over. Member interest is still low and something the board needs to discuss with members over the summer and through the year. Options will be discussed during the winter meetings on whether we need to make some changes, accept the way things are, or eliminate having a Guest Day.
- Member-Member Event AAR: One of the problems was that the sign up sheet was not posted until two days before the event. We were able to get good participation in spite of that, but it is something that needs to be corrected. A new event flyer template needs to be made up so that each does not look the same, that is confusing to people viewing them.
- Skins game for events: A recommendation was made to change the skins game from just Net to both Gross and Net. Each would cost \$5.00 and players can opt to be in Gross, Net, or both (\$10 for both). We will try that in the future events and see how it works out. In addition, our TPP program figures individual skins at 100% handicap, and not at the event handicap. The board voted unanimously to continue with that practice as it is an individual game and not a team game, in this case. For events using team skins, then the tournament handicaps will be used to determine skins winners.

The meeting adjourned at 7:06 PM
